

Really Great Decodable Readers

1st Grade Set

The *Really Great Decodable Books* from Really Great Reading are beautifully illustrated decodables to help students practice the phonics concepts they are learning in their lessons. *The Really Great Blast Decodables* set includes 24 illustrated decodable books that align to the most common phonics concepts taught in first grade. These decodables are appropriate for first grade students on grade level and for older students in need of intervention. They can be purchased separately or can be used as a complement to Really Great Reading's *Blast Foundations* program or to any first grade foundational skills instruction.
